# Most Active MO QE List with most commonly sought area(s) of expertise

Discussion/Disclaimer: This is NOT a comprehensive list of Qualfied Experts in Radiation Safety (QE's). That expanded list is available on the MRCP's website, by calling MRCP at 573-751-6083 or e-mail MRCP@health.mo.gov
HOWEVER, the more comprehensive list may not accurately represent those QE's that are most interested in taking on new clients. QE's on this list may have additional area(s) of expertise, and other QE's on the expanded list are also available.

To assist facilities in finding an available QE, this list represents a sub-section of QE's that are currently the MOST active in MO (submitted at least six (6) inspection reports to MRCP in the last year). It shows the type of facilities inspected and area(s) of expertise most commonly needed by new facilities that may not have an existing relationship with a QE.
