1. Terms and Conditions

AWARD INFORMATION

Incorporation: In addition to the federal laws, regulations, policies, and CDC General Terms and Conditions for Non-research awards at <https://www.cdc.gov/grants/federal-regulations-policies/index.html>, the Centers for Disease Control and Prevention (CDC) hereby incorporates Notice of Funding Opportunity (NOFO) number **DD20-2006**, entitled **Improving Timely Documentation, Reporting, and Analysis of Diagnostic and Intervention Data through Optimization of EHDl Surveillance Practices and Information Systems**, and application dated March 13, 2023, as may be amended, which are hereby made a part of this Non-research award, hereinafter referred to as the Notice of Award (NoA).

Approved Funding: Funding in the amount of **\$166,000** is approved for the Year 04 budget period, which is **July 1, 2023** through **June 30, 2024**. All future year funding will be based on satisfactory programmatic progress and the availability of funds.

The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third party in-kind contribution when applicable.

Note: Refer to the Payment Information section for Payment Management System (PMS) subaccount information.

Financial Assistance Mechanism: Cooperative Agreement

Substantial Involvement by CDC: This is a cooperative agreement and CDC will have substantial programmatic involvement after the award is made. Substantial involvement is in addition to all post-award monitoring, technical assistance, and performance reviews undertaken in the normal course of stewardship of federal funds.

CDC program staff will assist, coordinate, or participate in carrying out effort under the award, and recipients agree to the responsibilities therein, as detailed in the NOFO.

1. Supporting recipient in implementing cooperative agreement requirements and advancing program activities to meet outcomes.
2. Providing technical assistance to revise annual work plans and budgets.
3. Collaboration on enhancing and expanding outcomes surveillance activities, including the collection, management, analysis, and dissemination of EHDl data.
4. Collaborating with recipient to develop and implement strategies and evaluation plans and use evaluation findings.
5. Providing technical assistance to define and operationalize performance measures and implement recipients' performance measurement plans.
6. Collaborating on and co-authoring scientific reports, white papers, manuscripts, book chapters, and other derivative works arising from data collected and analyzed through this cooperative agreement consistent with CDC policies and procedures.

Expanded Authority: The recipient is permitted the following expanded authority in the administration of the award.

- ☒ Carryover of unobligated balances from one budget period to a subsequent budget period. Unobligated funds may be used for purposes within the scope of the project as originally approved. Recipients will report use, or intended use, of unobligated funds in Section 12 “Remarks” of the annual Federal Financial Report. If the GMO determines that some or all of the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient’s authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.

Program Income: Any program income generated under this grant or cooperative agreement will be used in accordance with the Addition alternative.

Addition alternative: Under this alternative, program income is added to the funds committed to the project/program and is used to further eligible project/program objectives.

Note: The disposition of program income must have written prior approval from the GMO.
