The federal award amount is subject to adjustment based on total allowable costs incurred and/or the value of any third-party in-kind contribution when applicable.

Note: Refer to the Payment Information section for draw down and Payment Management System (PMS) subaccount information.

Component/Project Funding: The NOFO provides for the funding of multiple components under this award. The approved component funding levels for this notice of award are:

- The PRAMS Coordinating Committee (CC) is comprised of CDC Project Scientists and the Awardee Working Group (AWG). This work group been established to help with project planning and to promote exchange of information and best practices for program development and evaluation. CDC Project Scientists and awardees meet to discuss a variety of programmatic, operational, and methodologic subjects. Topics include questionnaire revision, national meeting, training activities, software issues, alternative data collections methods, and others. The A WG consists of a primary and secondary representative from 7 defined regions.
- Primary representatives actively participate in calls and serve as the liaison between the A WG and the awardee in their assigned region as needed (i.e., take the lead in conveying or gathering information). Secondary representatives participate in calls and back up the primary representatives as needed. Representation rotates each year so that secondary representatives become primary representatives and each jurisdiction in the region has an opportunity to participate during the grant cycle. The A WG meets quarterly by phone. The frequency of the meetings is subject to change depending on the operational and methodologic issues underway.

Recipients will report use, or intended use, of unobligated funds in Section 12 "Remarks" of the annual Federal Financial Report submitted in eRA Commons. If the GMO determines that some or all the unobligated funds are not necessary to complete the project, the GMO may restrict the recipient's authority to automatically carry over unobligated balances in the future, use the balance to reduce or offset CDC funding for a subsequent budget period, or use a combination of these actions.

- ☒ Extension of final budget period of a period of performance without additional funds up to 12 months with no change in the scope of work to ensure adequate completion of the originally approved project or program. The recipient must notify the awarding office, in writing, of the extension 10 days before the expiration date of the period of performance. Upon notification, the awarding office will revise the period of performance ending date and provide an acknowledgement to the recipient.
